Dear Matthew:

Congratulations! I was pleased to see that you and your accomplishments were so nicely recognized with being selected as one of the Casper Star-Tribune's "40 Under Forty." You are in an impressive class of award winners who have done much to make our state and your community a better place to live.

The winners are a diverse group -- people from different backgrounds, with different talents, and different skills who have excelled in very different areas of their lives. You all share a common bond, however. You all walk your talk and you have blazed a trail for us all to follow -- leading by example.

I was pleased to hear of your efforts as a "leader, mover, and shaker." Your active involvement in your community and this state has enabled you to make a difference that will send ripples of encouragement to others to do the same. You have given your friends and fellow citizens a good example to follow. It was good to read about your work - and how you have made it clear that one person really can make a difference - by caring enough and putting that care into action.

Diana joins in sending our congratulations and best wishes to you. Wyoming is proud to claim you as one of our own! God bless.

Sincerely,

A handwritten signature in cursive script that reads "Mike Enzi".
